NEBO GAMES: Entertainment Guaranteed!

Play it your way. Whether you enjoy being challenged or just like to play for thrills or for camaraderie, our unique suite of games adapt to your preference, style, and personality.

Nebo Game's *GamIverse* (Game Universe) includes seven different categories catering to players with different interests.

If you like feeling challenged and stimulated, we have developed a revolutionary game board that can step-up the difficulty level from Level 1 to Level 6. While all new games include a Level 1

board, the challenge meter can be upgraded to Level 6, where the winning strategy isn't as obvious as perceived.

Top Four Reasons Why Nebo Games are Changing the Way Games are Played

1. Alien experience. An innovative, patent-pending game board that adjusts to your play mood.
2. Players rejoice. Trivia questions that will stimulate, entertain, and challenge.
3. Play, connect, enjoy! Each game contains fifty open-ended questions that provide insights about other players.
4. Gamers rule! Play on the board, play on cards -- your choice. Furthermore, adjust the game interval to suit your preference -- make it last fifteen minutes or fifteen days. On the go? If needed, the game can be won within as little as ten minutes.
